## WALDRON RESIDENCE

This new home, with its classic Bungalow characteristics, is thoroughly modern in plan. The extensive trim, wainscot and built-ins are quarter-sawn oak throughout. Low roof lines and shed dormers allow a growing family to live large under a charming story-and-a-half form. Period lighting and finishes complete the homeowner's desire for age-old warmth in contemporary life.

Design by Timothy Fuller and Bryan Anderson

Construction by Andlar Construction

Photography by Chad Holder

This project was designed while Tim was at SALA Architects
