

TIMOTHY FULLER architects

HOPPE/VALERO RESIDENCE

Our client purchased a piece of property adjacent to an older farmstead and asked us to design a home keeping in mind a small barn that they would be moving to the property during construction. The form of the house and garage became two sides of a small courtyard with the barn marking the western boundary of the court. The house itself is a simple joining of two wings, one with the living and cooking areas and the other with sleeping areas.

Design by Tim Fuller and Sarah Whicher

Built by Nordass Builders

Photographs by Tim Fuller

This project was designed while Tim was at SALA Architects
